OTHERS

- Feel free to add any further analysis or KPIs you see fit or available from the Data.

NOTES:

1. Name the file by your name – full name preferable.
2. If you encounter full duplication – Remove It 3. Deal with errors as you see fit.
 - a. If you feel it is a partial error fix it
 - b. If you feel it is a complete error – remove it.
4. Please create as many measures as you see fit and in accordance with the business question.
5. You cannot solve the project together as a team.
 - a. Please note that there is a committee in Epsilon AI that is responsible for detecting possible copy and paste.
 - b. In case of copy-paste confirmed. The committee automatically fails both projects.
